Ready for

KINDERGARTEN!

This three-day opportunity offers a safe and welcoming introduction to elementary school for families and students, relieving many first-day anxieties (for students and their caregivers!).

Students will become familiar with the school campus, the school staff, and their kindergarten peers before the start of school. Principals will also provide families an opportunity to meet staff, discuss kindergarten readiness and receive educational support around helping their students transition to kindergarten.

Transportation by school bus will be provided if requested in the registration form prior to July 31 for families who need it, or for those who want their child to practice riding the bus before the first day of school.
