New Families

Proudly Participating in Early Achievers

Dear Parents and Guardians,

Country Dawn Preschool & Child Care Center opened September 19th 1988. As the owner and director I take great pride in operating and providing a safe, warm, and stimulating environment that all children need and deserve. We have spacious classrooms and a large well equipped outdoor playground. We strive to maintain a clean, healthy, and home-like facility in an effort to make an enjoyable learning experience for children of all ages.

The consistency of Country Dawn's staff is exceptional. Our outstanding teachers and staff have the education necessary in early childhood development and in behavior management, along with many years experience working with children. Their high energy levels, enthusiasm, and sensitivity to the needs of children combined with our low student-teacher ratios and spacious classrooms produce the highest quality academic and childcare programs available.

All of our programs at Country Dawn are designed to enhance growth and self-confidence at each child's own level. The nurturing environment and stimulating curriculums, gives each child the desire to learn more every day. They participate with excitement while forming a positive attitude about education.

Our dedicated teachers and staff members present exciting new ways of learning using exceptional materials for hands-on activities and self-correcting games. Each child is made to feel capable thus forming and maintaining a good self-image. The low student-teacher ratio in our Pre-Toddler through Pre-Preschool programs provides the opportunity for individual attention when necessary, and makes it easy to observe the growth of each child.

Some additional special features at Country Dawn will include field trips, progress reports, parent-teacher conferences, guest speakers, and an exchange of seasonal books through the Sno-Isle Regional Library System. Each week a Music Specialist with Elevate Music Together comes to our Pre-Toddler through Pre-Kindergarten Programs. We offer family opportunities such as Curriculum Night, Pumpkin Carving Night, Christmas Programs, Moms & Muffins, Dads & Donuts, and a formal Pre-Kindergarten graduation at the end of the academic school year. Happy Feet Soccer also offers weekly soccer classes for Older Toddlers through Pre-Kindergarten children.

Your child will receive a great learning experience, the quality child care every child deserves, make new friends, and have a lot of fun at Country Dawn.

Sincerely,

A handwritten signature in black ink that reads "Julie A Bliven".

UPDATED CHILD AND ADULT CARE FOOD PROGRAM MEAL PATTERNS:

CHILD AND ADULT MEALS

USDA recently revised the CACFP meal patterns to ensure children and adults have access to healthy, balanced meals throughout the day. Under the updated child and adult meal patterns, meals served will include a greater variety of vegetables and fruit, more whole grains, and less added sugar and saturated fat. The changes made to the meal patterns are based on the Dietary Guidelines for Americans, scientific recommendations from the National Academy of Medicine, and stakeholder input. CACFP centers and day care homes must comply with the updated meal patterns by October 1, 2017.

Updated Child and Adult Meal Patterns

Greater Variety of Vegetables and Fruits

- The combined fruit and vegetable component is now a separate vegetable component and a separate fruit component; and
- Juice is limited to once per day.

More Whole Grains

- At least one serving of grains per day must be whole grain-rich;
- Grain-based desserts no longer count towards the grain component; and
- Ounce equivalents (oz eq) are used to determine the amount of creditable grains (starting October 1, 2019).

More Protein Options

- Meat and meat alternates may be served in place of the entire grains component at breakfast a maximum of three times per week; and
- Tofu counts as a meat alternate.

Age Appropriate Meals

- A new age group to address the needs of older children 13 through 18 years old.

Less Added Sugar

- Yogurt must contain no more than 23 grams of sugar per 6 ounces; and
- Breakfast cereals must contain no more than 6 grams of sugar per dry ounce.

Measuring Every Step Counts

- Unflavored whole milk must be served to 1 year olds; unflavored low-fat or fat-free milk must be served to children 2 through 5 years old; and unflavored low-fat, unflavored fat-free, or flavored fat-free milk must be served to children 6 years old and older and adults;
- Non-dairy milk substitutes that are nutritionally equivalent to milk may be served in place of milk to children or adults with medical or special dietary needs; and
- Yogurt may be served in place of milk once per day for adults only.

Additional Requirements

- Extends offer versus serve to at-risk afterschool programs; and
- Frying is not allowed as a way of preparing foods on-site.

▶ Printed Name

I certify that the information provided on this form is correct and verifiable. Health Care Provider or School Official Name: _____ Signature: _____ Date: _____
If verified by school or child care staff the medical immunization records must be attached to this document.

Instructions for completing the Certificate of Immunization Status (CIS): Print the form from the Immunization Information System (IIS) or fill it in by hand.

To print with the Immunization Information System (IIS):

Ask if your health care provider's office enters immunizations into the WA Immunization Information System (Washington's statewide registry). If they do, ask them to print the CIS from the IIS and your child's immunization information will fill in automatically. You can also print a CIS at home by signing up and logging into MyIR at <https://wa.myir.net>. If your provider doesn't use the IIS, email or call the Department of Health to get a copy of your child's CIS: waisrecords@doh.wa.gov or 1-866-397-0337.

To fill out the form by hand:

1. Print your child's name and birthdate, and sign your name where indicated on page one.
2. Write the date of each vaccine dose received in the date columns (as MM/DD/YY). If your child receives a combination vaccine (one shot that protects against several diseases), use the Reference Guides below to record each vaccine correctly. For example, record Pediarix under Diphtheria, Tetanus, Pertussis as DTaP, Hepatitis B as Hep B, and Polio as IPV.
3. If your child had chickenpox (varicella) disease and not the vaccine, a health care provider must verify chickenpox disease to meet school requirements.
 - If your health care provider can verify that your child had chickenpox, ask your provider to check the box in the Documentation of Disease Immunity section and sign the form.
 - If school staff access the IIS and see verification that your child had chickenpox, they will check the box under Varicella in the vaccines section.
4. If your child can show positive immunity by blood test (titer), have your health care provider check the boxes for the appropriate disease in the Documentation of Disease Immunity section, and sign and date the form. You must provide lab reports with this CIS.
5. Provide proof of medically verified records, following the guidelines below.

Acceptable Medical Records

All vaccination records must be medically verified. Examples include:

- A Certificate of Immunization Status (CIS) form printed with the vaccination dates from the Washington State Immunization Information System (IIS), MyIR, or another state's IIS.
- A completed hardcopy CIS with a health care provider validation signature.
- A completed hardcopy CIS with attached vaccination records printed from a health care provider's electronic health record with a health care provider signature or stamp. The school administrator, nurse, or designee must verify the dates on the CIS have been accurately transcribed and provide a signature on the form.

Conditional Status

Children can enter and stay in school or child care in conditional status if they are catching up on required vaccines for school or child care entry. (Vaccine series doses are spread out among minimum intervals, so some children may have to wait a period of time before finishing their vaccinations. This means they may enter school while waiting for their next required vaccine dose.) To enter school or child care in conditional status, a child must have all the vaccine doses they are eligible to receive before starting school or child care.

Students in conditional status may remain in school while waiting for the minimum valid date of the next vaccine dose plus another 30 days time to turn in documentation of vaccination. If a student is catching up on multiple vaccines, conditional status continues in a similar manner until all of the required vaccines are complete.

If the 30-day conditional period expires and documentation has not been given to the school or child care, then the student must be excluded from further attendance, per RCW 28A.210.120. Valid documentation includes evidence of immunity to the disease in question, medical records showing vaccination, or a completed certificate of exemption (COE) form.
